

IICF Week of Giving October 12-16th

This year Professional Program Insurance Brokerage (PPIB) volunteered at the Marine Mammal Center located in Sausalito California, for the Insurance Charitable Foundation's Week of Giving, October 12th-16th.

The Marine Mammal Center's mission is to "expand knowledge of marine mammals—their health and that of their ocean environment—and to inspire their global conservation. Their core work is the rescue and rehabilitation of sick and injured marine mammals, supported by state-of-the-art animal care and research facilities, a corps of dedicated volunteers, and an engaged community."

The Marine Mammal Center has become a learning center for researchers in the US and around the world. The center is open to the public and offers guided tours, and school programs. The Marine Mammal Center takes care of 600 miles of the California Coast.

PPIB was able to assist two days at the center, in two shifts. Our staff sorted fish for the animals, scrubbed the pools that previous patients had been housed in, and gave parts of the center an overall cleaning and sanitation treatment. PPIB also received several hours of engaging mammal education and an in-depth facility tour.

Our hands on training was thrilling and educational. Our teams worked hard and had a great day!

For more information, to volunteer or donate go to the Marine Mammal Website at: <http://www.marinemammalcenter.org>
